

Foods 2 Class at AHS in Business Selling Salads

The Foods 2 class at Anson High School is teaching students how to be entrepreneurs. The students have started a small business that sells salads to the AHS staff. This project has allowed the students to put what they have learned in class into practice, and it has been successful. The class, taught by Yvonne Spencer, gives its students an opportunity to become certified in Serv Safe which lets food service businesses know that the person understands food safety and how important it is.
