Letter from the Superintendent

Anson County Students, Parents, and Community Members:

On behalf of the Anson County Board of Education and all ACS staff members; I would like to let you know we are continuing to provide very effective instructional opportunities for each child attending our schools. Each day we experience the rewards of serving as educators in our great Anson County Community. Additionally, our children continue to benefit from programs provided by other agencies, faith-based groups, and businesses. Each of you play a vital role in the success of our community, schools, and each child served by ACS.

As we face each day of teaching and learning; sadly, we also faced the challenge of maintaining a safe environment for children and adults at our schools. When I entered the education profession our doors were open and unlocked. As society has changed negatively, we now must strive to maintain access control utilizing assistive devices requiring visitors to be screened prior to entering certain areas of our schools. This climate of concern is present in many, many institutions designed to provide a service such as nursing homes, daycare centers, hospitals, governmental agencies, parks, restaurants, and even churches. We are definitely living in an era of time when we must take every possible step to prepare for a crisis should one of our schools become a target. Schools should be a safe haven for children, so we must stay the course to protect our children.

As the Superintendent of Anson County Schools, I address school safety with utmost concern, professionalism and with high expectations for my staff to be as prepared as possible when a school faces a crisis. Each school has a very detailed Emergency Response Plan that is developed based on collaboration with local, state and federal agencies trained to support schools in times of crisis. Staff members participate in procedural trainings to ensure that we all know how to respond based on the type of crisis we experience. A crisis could be in the form of violence, inclement weather, chemical spills, community tragedy, etc. The crisis could be one that is resolved promptly or it may take a period of time to address the situation. Either way, we do have response plans.

A huge portion of our plan involves monitoring to prevent a crisis on campus. I must commend each law enforcement agency in every area of our county for providing excellent support and guidance as we work to prevent a crisis and to respond during a time of crisis. Additionally, the Anson County Emergency Management Division, along with each local Fire Department, continuously advises and supports our work as we strive to keep everyone in our schools safe.

I want to thank all community members for your continuous support of ACS.

Sincerely, Michael H. Freeman, Ed.S.

Upcoming Board of Education Meeting Dates
