**PRECISION
PLUMBING**

At Precision Plumbing, we feel that life isn't just about our work; hence part of our Mission Statement - *not just making a living, but making a difference* - is something we really make an effort to live out. That is why we are pleased to support the Anson County Partnership for Children in helping to make Anson County *a better place to be a child and to raise a child.*

**Anson County Partnership
for Children says**

The Anson County Partnership for Children sends a special thanks to those who have volunteered throughout the years. Since our founding, they have spent thousands of hours and talent to help us succeed. We appreciate the many people who have unloaded materials for events, catalogued items in the Resource Center, cooked and served meals at Barn Blast, proofread important documents, cleaned out offices, served on our board and committees - and much more. We will never be able to adequately express our gratitude. The heart of the Partnership is this community and those who give of themselves to "help make Anson County a better place to be a child and to raise a child." The accomplishments of our past, present, and future belong to you!

thank you volunteers!
