

Tractor Supply Fundraiser Supports Anson 4-H

Starting April 23 and running through May 4, Tractor Supply in Wadesboro is partnering with the National 4-H Council to offer a Spring Paper Clover Promotion to help support local 4-H programs in counties that have these stores. Individuals have the choice of adding \$1 at checkout. Proceeds will come to the local 4-H program to help cover cost for trips, summer day camps, conferences and volunteer trainings. Anson County is truly grateful to have a Tractor Supply in the county because there are only 31 in the state of North Carolina. So if you have not already done so, please go down to the store, make a donation or purchase one or ten clovers. Last three year \$1.1 million was raised through this promotion nationally. Remember, the proceeds are going to a great program that supports great youth and adults in Anson County! Hope to see you there!

Remembering.....

By Ed McBride

Levi Garrett

The above picture is of the one of the sign panels is my good friend, Edmund Huntley. Ed began in 1960 promoting and selling tobacco products such as Levi, Black Maria, Cannon Ball, Co. and Taylor Brothers Tobacco Co. merged into Conwood Bull of Woods, Rose Bud, Favorite Company and this race car was Tobacco, Peach and Dental Snuff. He worked for 29 years, retiring in 1987 - to raise cows, etc. tobacco.

The gentleman with the race car, he only sold the sponsor's white shirt and necktie holding product!

State Pre-Collegiate Shooting Sports Tournament Set

The N.C. Wildlife Resources Commission will host the 36th annual Youth Hunter Education Skills Tournament - the state championship for pre-collegiate shooting sports - on April 26 at the Millstone 4-H Center near Ellerbe in Richmond County. The Wildlife Commission conducted nine regional competitions in March, with hundreds of middle school and high school students participating. Fifty-four teams involving more than 550 students advanced to the state championship of the conservation-based tournament, competing in rifle, shotgun and archery marksmanship, map-and-compass orienteering, and a written conservation knowledge test. Competition is conducted on senior (high school) and junior (middle and elementary schools) divisional levels, with overall team and overall individual awards based on aggregate scores in all events. Teams are organized within public and private schools. Home-schooled students and teams representing 4-H or FFA also can compete, provided they meet eligibility requirements.

"This event is a showcase and typically hosts upwards of 3,000 people from every corner of the state," said Travis Casper, the state hunter education coordinator. "We have to acknowledge and thank the schools that recognize the value of conservation and participation in outdoor recreation. Just by competing in this tournament is a mark of success."

The championship represents an opportunity for competitors who advanced from district events to showcase outdoor skills learned through the Commission's Hunter Education Program. The competition requires a demonstration of skills taught in free hunter education classes.
