

Grace Senior Center is offering a trip to Atlantic City for 3 days and 2 nights. It will take place October 7 through 9. Participants will enjoy gambling, a visit to Atlantic City Boardwalk, a visit to Cape May, souvenir gift shopping, two buffet dinners, a \$25 slot bonus, luggage handling, and comfortable motorcoach transportation. All of that is included in the \$254 cost per person for double occupancy.

Grace is now accepting payments, with a deposit of \$50, and final payment due on September 14. For more information or to make reservations call 704-694-6616.

LEGAL NOTICE

Power Plant Employees and Contractors

If you or a family member ever worked at a power plant, you could have been exposed to asbestos.

To keep your right to compensation if you become ill in the future (or have asbestos-related illness today), you must submit a claim by December 14, 2015, at 5:00 p.m., prevailing Eastern Time.

Energy Future Holdings Corp., Ebasco Services, Inc., EECI, Inc. and certain subsidiaries ("EFH") owned, operated, maintained, or built certain power plants across the United States and in other countries where asbestos was present.

Anyone who has a claim today against EFH for asbestos-related illness or who may develop an asbestos-related illness in the future, must submit a claim by December 14, 2015, at 5:00 p.m., prevailing Eastern Time to be eligible for compensation now or in the future.

What is asbestos?

Asbestos is a fiber which was used as insulation in walls, wires, pipes, boilers, generators, steam traps, pumps, valves, electrical boards, gaskets, packing material, turbines, compressors, cement and cement pipes. Workers responsible for building and maintaining power plants and equipment also wore insulated clothing or gear that may have contained asbestos.

Asbestos-related illnesses can be very serious or fatal and include diseases such as mesothelioma, lung cancer, laryngeal cancer, esophageal cancer, pharyngeal cancer, stomach cancer and asbestosis. Even if your exposure to asbestos was many years ago and you are not sick today, this notice could affect you.

Which power plants are included?

You or a family member could have been exposed at any of the power plants related to EFH. These power plants were located across the United States and some in foreign countries. For a list of the included power plants, visit the website below or call 1-877-276-7311.

How could this affect me?

You could have been exposed to asbestos if you or a family member worked at any of the included power plants as an employee, a contractor, or in any other role. You also could have been exposed by coming in contact with another person who worked at a power plant (for example, if asbestos was brought home on your spouse or parent's clothing).

What do I do now?

If you believe that you or a family member may have been exposed to asbestos at an included plant, submit a claim by December 14, 2015, at 5:00 p.m., prevailing Eastern Time. Go to www.EFHAsbestosClaims.com to submit your claim online.

You can submit a claim yourself or you can ask a lawyer to help you. If you are not ill today, completing a claim takes about five minutes.

What if I do nothing?

If you do not submit a claim and later develop asbestos-related disease, you will not be eligible for compensation from EFH. Even if you have not been diagnosed with disease or experienced symptoms, you must make a claim to preserve your right to compensation if you develop an asbestos-related illness in the future.

File a Claim Now

Go to www.EFHAsbestosClaims.com to file a claim online or call 1-877-276-7311 to request a claim form be sent to you.
