Remembering.....
 By Ed McBride

Ratliff & Ratliff, Inc.

I thought we would "change gears" for our topic today. When I painted signs on the above truck for Steele Ratliff I when charged \$10. Signs were on both sides of the truck (doors and hood), and included "Ratliff & Ratliff, Inc., Wadesboro, N.C." along with unit numbers, plus twenty three permit numbers on each side. Also, it had "Diesel Fuel Only" on both sides. (Diesel fuel was probably no more than 15-20¢ per gallon.)

This truck cost no more than \$10,000 to buy new, so you see why it didn't cost but about \$75 to deliver a piece of granite from the South Carolina quarry to California...no comparison to today's shipping!

Congratulations to Steele and brothers Lawrence and Charles for success in each of their business undertakings.

Oh yes, "Junior" Ratliff would come over to our shop and look for a new/different model car, boat or plane. He loved to put them together (assemble), and sometimes would "customize" the one he was working on. Quite often he worked for 2 or 3 hours a day on the particular "model of the day" - even lunch time!!

Again and again - many good memories!

Sonya Poplin is Pain Free and Enjoying Life!

My name is Sonya Poplin and I want to share my story with you.

I have suffered from low back pain, neck pain and stiffness for years. I have tried everything, from working out at the gym, yoga, to going to an arthritis doctor. I have had MRI's done, and made many visits to my regular doctor with no relief.

I met a chiropractor several years ago, and after talking with him I started chiropractic care. I found relief from the pain then, but over the course of time I stopped treatment. I was in so much pain that I could not enjoy any of my hobbies, or just doing daily activities.

I called and made an appointment with Wadesboro Chiropractic, and after just a few visits with Dr. Dial I was feeling much better. Now, today, I am pretty much pain free. I am able to go to the gym now and enjoy a workout, and I am able to do my housework without the exhausting pain I used to experience in my lower back. I have better range of motion, less stiffness, and a much better attitude!

I also recommend Dr. Dial to parents who have children with ear problems. Chiropractic care prevented my son from having to have tubes put in his ears!

Give Dr. Dial a call. The only thing you have to lose is the pain...and don't we all want to be pain free!
