**McLeod Health Cheraw Provides Acute Inpatient Dialysis Services**

McLeod Health Cheraw now offers a full-service, state-of-the-art, Acute Dialysis Unit. This unit provides the utmost care for those inpatients who have complications or specialized dialysis care needs that would have required patients being transferred to another facility. This unit provides the latest nephrology services using the most advanced equipment that is available within the McLeod Health system.

As of December 2016, patients admitted to McLeod Health Cheraw are now able to receive Acute Dialysis care during their hospital stay, in addition to having their health care needs attended to. This is a new nephrology service aimed at expanding the capacity of those patients who require dialysis while in the hospital.

Dr. Farhan Maqsood, Nephrologist, will serve as the Medical Director of Dialysis for McLeod Health Cheraw.

"He is a very gifted, Board Certified Nephrologist, who already serves as the Medical Director of the local private outpatient hemodialysis centers in this county," said Dr. Simpson, Medical Director of the Emergency Department and Chief of Staff for McLeod Health Cheraw. "He serves as the nephrologist of the overwhelming majority of all the End Stage Renal Disease patients in our area."

"Dr. Maqsood has long been a tremendous asset to the care of our patients, directing their inpatient care in Florence," said Dr. Simpson. "We are thankful that he can now provide that specialized care at McLeod Health Cheraw."

The Acute Inpatient Dialysis unit is staffed by a team of nurses who are experienced in performing hemodialysis.

"We have provided a fully equipped dedicated hemodialysis unit on our medical/surgical floor for general inpatients and have equipped one of our intensive care unit beds to be able to provide hemodialysis to critically ill patients without having to move them out of the intensive care unit," explained Dr. Simpson. "This ensures that we

maintain the intensive monitoring that ICU patients require, allowing us to offer hemodialysis services as needed, during a patient's hospital stay."

About McLeod Health Cheraw McLeod Health Cheraw proudly serves the residents of Chesterfield, Marlboro, Anson, Richmond and Scotland Counties. The 59-bed hospital joins six other McLeod Health not-for-profit hospitals providing advanced heart, vascular, orthopedic, surgical, cancer, women's and children's services from the midlands of South Carolina to the coast.
