Notification of Discharge of Untreated Wastewater

General Statute 143-215.1C requires that the owner or operator of any wastewater collection works to issue a press release when an untreated wastewater discharge of 1,000 gallons or more reaches surface waters.

In accordance with that regulation, the following news release has been prepared and issued to the media in the affected county:

The Town of Wadesboro had a discharge of untreated wastewater on February 17th, 2026 of an estimated 2,000 gallons from manhole located on Orchard St., with an estimated 2,000 gallons reaching Lampley Branch in the Pee Dee River Basin.

The Division of Water Resources was notified of the event on February 18th, 2026, and is reviewing the matter. For more information, contact the Town of Wadesboro at (704) 694-5171.
