The Month of March

The brown buds thicken on the trees, Unbound, the free streams sing, As March leads forth across the leas, The wild and windy spring.
 – Elizabeth Akers Allen (1832–1911)
 "March" is named for the Roman god of war, Mars. However, we think of it as the beginning of spring!

- March Calendar**
- March 8 is International Women's Day, which is a day that not only celebrates the achievements of women and the progress made toward women's rights but also brings attention to ongoing struggles for equality around the world.
 - March 10 is the start of Daylight Saving Time, don't forget to "spring forward" and set the clocks one hour ahead
 - March 15 is the Ides of March! Legend surrounds this ill-fated day. Beware the Ides of March!
 - March 17 is St. Patrick's Day. According to folklore, folks wear a shamrock on St. Patrick's Day because the saint used its three leaves to explain the Trinity.
 - March 19 brings about the March equinox—also called the vernal or spring equinox in the Northern Hemisphere—marking the beginning of spring.
 - March 24 is Palm Sunday, the Sunday before Easter and the last Sunday of Lent.
 - March's full Moon, the Worm Moon, reaches peak illumination on the morning of Monday, March 25.
 - March 29 is Good Friday
 - March 31 is Easter Sunday.
- March's birth flower** is the daffodil or jonquil. The daffodil signifies regard or unrequited love. The jonquil means "I desire a return of affection."
March's birthstone is aquamarine, but did you know that bloodstone is an alternative birthstone? While they differ in appearance, the two birthstones symbolize strength and perseverance.
