

Anson County Early College Dance Club

Have you ever heard a song that made you want to dance? Music brings people together and allows them to have fun with each other. The goal of the Anson County Early College Dance Club is to bring students who are interested in dancing together to have a good time and to learn more about dancing. Students of all genders and grades are invited to join our club.

Ms. White, the Director of the club, has past experience in teaching dance. She knows many dance styles and can show students a variety of techniques. The genres of dance we are planning to learn are Ballet, Modern, Jazz, Hip-Hop, Latin, Swing, Middle Eastern, Hmong, and other cultural dances. We also plan to watch videos of these dances and take a field trip to see a professional dance company.

The Dance Club is a great addition to Anson Early College. It is an extracurricular activity that allows students to learn something new and have fun doing so. Dancing is both an art form and a physical activity that students can benefit from. So far all of the students are having a wonderful time.
