Terry Jordan Invitational Golf Tournament is Friday

This coming Friday, April 17, golfers will hit the links for the 11th Annual Terry Jordan Invitational, hosted by Gum Springs Baptist Youth at Twin Valley Golf Club in Wadesboro. The tournament begins with an 8:00 a.m. shotgun start.

The two-man captain's choice format (with one "A" player per team) promises a mix of competition, camaraderie and the occasional "creative" scorecard. Cash prizes will be awarded for first, second and third place.

Entry is \$65 per player and includes golf, lunch and a cart. Mulligans will be available for purchase, because sometimes even your best shot needs a second opinion, and a Split the Pot contest on Hole 14 adds to the fun.

Registration will take place at Twin Valley Golf Club, located at 2305 Country Club Road in Wadesboro. For more information, contact Stephanie at 704-694-8788, Evan at 704-690-1307 or Lynn at 704-695-2200.

So grab your clubs and get ready for a Friday morning where the swings are hopeful, the competition is friendly and the stories improve with every hole.

Arbor Day Celebrates the Power of Trees

While many holidays celebrate people, Arbor Day celebrates something quietly heroic - trees. Observed each spring across the United States, Arbor Day encourages communities to plant trees, care for the ones already growing, and appreciate the vital role they play in everyday life.

The holiday began in 1872 when newspaper editor and nature advocate Julius Sterling Morton proposed a statewide tree-planting day in Nebraska. The idea quickly caught on. On the first Arbor Day, an estimated one million trees were planted across the state. Today the tradition continues nationwide, with communities, schools and civic groups planting millions more every year.

Trees do far more than make neighborhoods look beautiful. They clean the air, provide oxygen, reduce erosion, cool cities during the summer and create habitats for birds and wildlife. A single mature tree can absorb hundreds of pounds of carbon dioxide each year while releasing fresh oxygen back into the atmosphere.

In North Carolina, Arbor Day is usually observed in the spring, when the soil is ideal for planting. This year Arbor Day is on April 17. Many towns and schools mark the occasion by planting ceremonial trees, organizing community projects, or encouraging residents to add shade trees to their yards.

Planting a tree on Arbor Day is a small act that carries a long legacy. The tree planted today may shade children yet to be born, shelter wildlife for decades, and quietly improve the community long after the person who planted it is gone. In that sense, Arbor Day is less about a single day on the calendar and more about investing in the future - one tree at a time.

South Piedmont Summer Camps Are Now Open for Registration - Fun and Exciting Opportunity for Kids

Registration is now open for South Piedmont Community College's 2026 Summer Camps, offering young people across the region a chance to explore exciting careers, develop new skills, and have plenty of fun along the way.

This year's camp lineup features a wide variety of hands-on experiences designed to spark curiosity and creativity. Camp topics include Criminal Justice, Coding, Cooking, Nursing, Welding, Comic Books and several other engaging opportunities that allow students to try something new while learning in a supportive environment.

Designed for students ages 10 through 18, the camps combine education with adventure, giving participants a memorable summer experience while introducing them to possible future career paths.

Organizers say spots tend to fill quickly each year, so families are encouraged to register early to secure a place. Register online at spcc-register.fundfive.com/camp.

South Piedmont officials say they look forward to welcoming a new group of curious, creative campers this summer for a season of discovery, learning, and fun.
