Apply Now for Paid Internships with State Government

The Youth Advocacy and Involvement Office within the Department of Administration are accepting additional applications for the 2014 State Government Internship Program for select projects. The program has 6 remaining paid internship projects in Raleigh and Pine Knoll Shores. Internships would start May 27 and end on August 1, 2014. Application deadline is postmarked by April 21. The 2014 State Government Internship Project Booklet describing all rules and available opportunities is now online.

The State Government Internship Program offers students real-world experience in a wide range of state government workplaces. Internships provide opportunities for students to work in their chosen field and to consider careers in public service. More than 3,600 students have participated since the program was established in 1970.

"In the current job market, it is tough for college students to find paid employment opportunities that equip them with relevant and meaningful professional experience in their field of study," said Stephanie Nantz, Executive Director of the Youth Advocacy and Involvement Office. "This program does just that, as well as assist state agencies with meeting their missions."

Paid summer internships are available in locations across the state. They provide North Carolina students with compensated professional work experience that integrates education, career development and public service. Opportunities exist in numerous recognized fields of study, from accounting to zoology, and interns will also participate in seminars, tours or other activities designed to broaden their perspective of public service and state government. Interns will earn a stipend of \$8.25 per hour and work 40 hours per week for 10 weeks in the summer.

To be eligible for the program, a student must be a permanent North Carolina resident with an overall grade point average of 2.5 or better on a 4.0 scale, and have graduated from high school and subsequently completed their sophomore year of college before beginning the internship. Community college students must complete their first year before beginning the internship. Applicants must be continuing their education in the fall following their participation in the program. Students having previously held paid internships at the Youth Advocacy and Involvement Office are not eligible to apply.

Interns are selected through a competitive process overseen by the NC Internship Council. Selection is based on a review of applications by the Council, student interviews with prospective supervisors, academic records, participation in extracurricular activities and interest in state government.

For more information, please visit the Youth Advocacy and Involvement Office online or by phone at 919-807-4400. Information is also available in campus career services or cooperative education offices.

LANDRIC REID SHERIFF

**Honor • Integrity • Character
Trust • Respect • Courage**

LANDRIC REID'S MISSION STATEMENT

To improve the quality of life in all communities of Anson County for all citizens, by preventing crime - not just responding to crime. To ensure that all employees of the Sheriff's Office recognize and respect all citizens we serve, and to serve all citizens with integrity and equality. To gain your trust and respect so as to form a partnership with the court system, county commissioners and citizens to propel the Sheriff's Office into a new era of professional service.

LANDRIC REID'S GOALS FOR THE OFFICE OF SHERIFF

- I believe the best way for success as being your Sheriff is to truly implement a Community Policing Concept.
- One of my opponents has previously stated that he supports "focused deterrence" which he defined as charging some individuals and not charging others, when they both have committed the same crime. This clearly shows this strategy may show partiality to some citizens and not others. This type of favoritism means that some citizens will receive unfair treatment.
- I have previously stated, "I have always maintained that my administration will recognize and respect all citizens we serve, and serve all citizens with integrity and equality."
- Under my leadership the Office of Sheriff will focus on efforts in crime fighting and crime prevention through a more accountable organizational structure, technology, training and an enhanced strategy of community policing.
- I further believe that all staff should be well trained and continuously receive education that makes them more efficient in their duties serving you. I also believe that technology cannot replace good door-to-door police work in our communities. My administration will seek a relationship in the county where all employees support their communities - and the communities support their deputies.

I am Landric Reid, and I need your support to make the Sheriff's Office fair and impartial. Together we will reduce crime.

**I will be having a MEET & GREET
AT THE HOME OF MR. J. B. WATSON
SATURDAY, APRIL 19 - 11am to 3pm
438 Tulip Road in Wadesboro**

Everyone is invited to come out and express your concerns.

I will never paint a picture of myself. Instead, I'll let my community service and dedication to the citizens of Anson County speak for me. Landric Reid

Dedicated to the citizens of Anson County
