

May is National Women's Health Month!

CELEBRATING WOMEN:

- **FREE BREAST EXAM**
Every year 6,000 NC women are diagnosed with breast cancer.
- **BIRTH CONTROL COUNSELING**
70% of teen pregnancies in NC are unplanned.
- **BLOOD PRESSURE SCREENING**
Untreated or uncontrolled high blood pressure can result in a heart attack.
- **A1C TESTING**
12.8% of NC adults have been diagnosed with diabetes, greatly increasing health risks.
- **HEPATITIS C SCREENING**
20% of people with Hepatitis C will develop liver function problems if left untreated.
- **ORAL CANCER SCREENING**
The incidence of oral cancer increases with age. The increase becomes more rapid after age 50, particularly for adults aged 65 years and older.
- **DEPRESSION SCREENING**
The most common mental health issue for women is depression.
