UNAUTHORIZED HYDRANT USE

Don't steal water!

The use of Anson County Water Department fire hydrants for obtaining water for agricultural or any other purpose without written consent of the Anson County Water Department is a violation of state and federal law.

Hydrants are for use by written-permitted users, water company or fire department personnel only.

The Anson County Water Department will take legal action against any individual or business that unlawfully obtains water from the Anson County water system.

PLEASE REPORT SUSPICIOUS ACTIVITY to the

- Anson County Sheriff's Office 704-694-4188, or the
- Anson County Water Department 704-694-5208.

Hydrant use permit information is available from the Anson County Water Department. Information is available at 704-694-5208.

A SPECIAL NEIGHBORLY INVITATION

We're hosting a small learning session for nearby neighbors about Vanguard Renewables' proposed project at Thurman Burleson & Sons Farm.

Join members from the Vanguard Renewables team, and our closest neighbors for a friendly conversation. We will share how Vanguard Renewables' Farm Powered anaerobic digestion process can support local farming and the community.

Memorial Day "Click It or Ticket" Campaign

Buckling your seatbelt is a vital component of driving safely, and local law enforcement will be out over the next two weeks to make sure you do. The Governor's Highway Safety Program's "Memorial Day Click It or Ticket" campaign, which launched on May 19 and will continue through June 1, is an annual statewide campaign that promotes safe driving by buckling your seat belt.

"Never hesitate to buckle your seatbelt - it could be the difference between life and death," said GHSP Director Mark Ezzell. "It's too risky to take that chance."

In addition to public outreach, there will be increased law enforcement patrols throughout the entire campaign to ensure compliance with the N.C. Seat Belt Law.

In 2023, 492 unbuckled drivers were killed in N.C. car crashes, according to the North Carolina 2023 Traffic Crash Facts report. So far this year, 158 unbelted passengers or drivers died in crashes.

For more information about the campaign, visit:
ncdot.gov/initiatives-policies/safety/click-ticket/Pages/default.aspx

ACORNS Alert System Keeps the Community Informed During Emergency Situations

Public safety officials encourage residents to create and update their information in the new ACORNS platform

The ACORNS Alert System is available to all Anson County residents. It replaced the previous ACORN (no "s") system. ACORNS is a free service that allows individuals to receive notifications sent from National Weather Service (NWS) and local authorities to stay informed on potentially hazardous situations involving weather, traffic and other emergencies, including the spread of the coronavirus.

The switch from ACORN to ACORNS allows residents to receive alerts via phone, text and email, and answer poll questions that will give Anson County officials critical information during emergency situations. Individuals who are signed up for alerts will receive reliable information from county officials, including tailored updates based on their specific needs and geographic location.

Individuals who were previously signed up for ACORN will need to enroll in ACORNS, and to review and update their information in the new platform to ensure accuracy. Residents and travelers to Anson County who were not previously signed up for ACORN should sign up for free at www.co.anson.nc.us to receive timely and actionable emergency alerts via email, text or voice message. They can also identify when and how they are alerted and communicated with before, during and after emergencies.

"ACORNS strengthens Anson County officials' ability to communicate with residents when it matters most," said R. Diggs, Chief, Anson County Emergency Services. "This service allows for critical communication with the public and provides individuals with the information needed to stay safe or take precautions during hazardous or emergency situations, especially during severe weather."

ACORNS is powered by Rave and is trusted by thousands of institutions including state and local authorities, business and educational institutions. Rave sends millions of messages daily and during critical situations such as severe weather.

Community members are encouraged to sign up for ACORNS and input or update their information and notification preferences today at www.co.anson.nc.us.
