Remembering.....

Vulcan Electronics

The above was a new trailer fitted with display shelving, carpet, etc. that I lettered on June 9, 1959, for George Swalchick as he traveled around to dealers in the Charlotte area.

George had this idea to show the new Mathes (later called Curtis-Mathes) television, hi-fi (high fidelity record players) and stereo live directly to his customers without their having to come into the distributorship in Charlotte. You see, television was "still new" to the south, having just begun in 1949. (WBTV in Charlotte was the first television station in the Carolinas to go on the air, beginning a "test pattern" on July 15, 1949.)

George had worked as a parts salesman at Dixie Radio, but decided that he could do better selling televisions, hi-fi's, etc. He did fine for awhile, but, like so many things, hi-fi went stereo, with 78's (records) going to 45's and 33 rpm lp's - television went to printed circuit boards (instead of being hand-wired), transistors, etc. instead of tubes - power transformers and other components have replaced so much, that now all we recognize from those days are the ac cord and plug!!!

Well, George retired - both he and his idea - and went back to "Yankee" land - to the place where he had come from.

Anson Animal Shelter Needs Volunteers Would You Like to Help?

The Animal Shelter depends on the help of volunteers to ensure that animal residents receive love and care. More volunteers will also help relieve the workload on staff which can result in more time for resident animals to be adopted before they are euthanized (put to sleep). Please consider volunteering. For more information on helping, call 704-694-4832.

Anson County Animal Shelter is listed on *Petfinder.com*. This is a searchable national database of pets available for adoption that includes a description and photo. All the animals that are up for adoption are listed and have a picture. Just go to *Petfinder.com* and search for any Anson County town or zip code.

A rescue from Animal Shelter can bring lots of happiness and love into any home...and you will make the animal happy too! It's a win-win.

And remember, older animals need a home and love too!
