### SHIIP helps save N.C. Medicare beneficiaries millions

**RALEIGH** — Many retirees and Medicare beneficiaries on a fixed income want to save money wherever they can. Each year, thousands of people contact the Seniors' Health Insurance Information Program (SHIIP) throughout the state to help them identify savings in their Medicare coverages.

Throughout the year, but particularly during the Medicare Open Enrollment period from Oct. 15 to Dec. 7, Medicare beneficiaries are urged to compare their current coverage for the Part D prescription drug plan to determine if their current plan is still the most appropriate for the coming year. Each year formularies change, prices change and programs change, and many times the Medicare beneficiary is unaware of the differences.

In 2021, SHIIP and its coordinating sites statewide assisted 58,000 consumers saving them \$30 million. In addition, nearly 1,500 consumers received assistance applying for the Extra Help program. Local savings information is provided below.

If you have questions about Medicare or the Extra Help program, contact SHIIP at 1-855-408-1212 to speak with a trained counselor or to request a free brochure. Contact information for local coordinating sites in each county in North Carolina can be found by visiting [www.ncshiip.com](http://www.ncshiip.com).

#### About SHIIP

SHIIP is a division of the North Carolina Department of Insurance that assists people with Medicare, Medicare Part D, Medicare supplement, Medicare Advantage and long-term care insurance questions. We also help citizens recognize and prevent Medicare billing errors and possible fraud and abuse through our N.C. Senior Medicare Patrol program.

SHIIP counselors are not licensed insurance agents, and they do not sell, endorse or oppose any product, plan or company. If you have questions about your specific plan, we encourage you to contact your insurance agent or the insurance company.

Name of local SHIIP office: Grace Senior Center  
Number of consumers assisted: 390  
Money saved: \$290,496.00

## Energy Efficiency Tip of the Month

Did you know the combined use of large appliances like dishwashers, clothes dryers and washing machines account for the largest percentage of electricity use in the average U.S. home?  
Take small steps to save energy when using these appliances. Only run full loads in the dishwasher, and thoroughly scrape food from dishes before loading. Dry towels and heavier cottons separate from lighter-weight clothing, and clean the lint screen after every use. Wash clothing in cold water to save energy used to heat water.
