Donate Blood August 13 and Help Save Lives

Anson County blood drive offers \$20 Amazon gift card to donors

Area residents are encouraged to roll up their sleeves and help save lives during an upcoming American Red Cross blood drive sponsored by Anson County Government. The blood drive will be held on Thursday, Aug. 13, from 10 a.m. to 2 p.m. in the Anson County Emergency Services Training Room, located at 575 U.S. Highway 52 South in Wadesboro.

In appreciation for donating, everyone who gives blood will receive a \$20 Amazon gift card. Donors should use the sponsor code "AnsonCounty" when registering for the event.

The need for blood is constant, with donations helping accident victims, surgery patients, cancer patients and others facing serious medical conditions. A single blood donation can help save multiple lives, making each donor an important part of the nation's blood supply.

Appointments are encouraged, but organizers welcome anyone who is eligible to donate. To schedule an appointment or learn more about blood donation eligibility, visit [RedCrossBlood.org](https://www.RedCrossBlood.org), call 1-800-RED CROSS, use the QR code, or use the American Red Cross Blood Donor App.

Burnsville Community Invited to Donate Blood Aug. 14

Residents are encouraged to roll up their sleeves and help save lives by donating blood during the upcoming American Red Cross Blood Drive on Friday, Aug. 14, at the Burnsville Fire and Rescue Department.

The blood drive will be held from 2 to 6 p.m. in the Activity Room at the Burnsville Fire and Rescue Department, located at 13380 N.C. Highway 742 North, Polkton.

The quarterly blood drive is sponsored by the Burnsville Recreation & Learning Center and the Burnsville Fire and Rescue Department. Organizers say each previous blood drive has been successful thanks to the generosity of local donors, and they hope the community will once again answer the call to help patients in need.

The need for blood remains constant. Nationwide, someone needs a unit of blood every two to three seconds, and most people will require blood or blood products at some point during their lifetime. Because blood cannot be manufactured, volunteer donors are essential to maintaining an adequate supply for hospitals and emergency medical care.

Michelle Sarno, a volunteer with the BRLC and coordinator of the quarterly American Red Cross Blood Drive, is encouraging area residents to participate. For more information, contact Sarno at 704-607-7568.

Organizers thank the community in advance for supporting the American Red Cross blood program and helping provide a lifesaving gift to those in need.
