**Aware?  
Or Beware!**

This is a release from Mary Lynn Railton at the Anson County Health Department: We are created male and female, sexual creations, created by the act of sexual intercourse. Sexual health and behavior is part of every person's life. Our behavioral choices are based upon our knowledge, our environment, our belief system and our culture. Risky sexual behavior results in unplanned pregnancy and the spread of sexually transmitted infections (STI's), including HIV.

Now we know that the STI called the Human Papilloma Virus causes cancers that can be debilitating and fatal years after the initial infection. At the Anson County Health Department we have a vaccine to inhibit the infection and spread of this virus. It is recommended for males, ages 11-21, and to females, ages 11-26.

The Health Department's Family Planning Program is dedicated to providing education and resources for the promotion of healthy attitudes and behaviors. Our Mission Statement is "To protect our environment, prevent the spread of diseases and promote the health and wellbeing of all the citizens of Anson County."

Call the Health Department today at 704-694-5188 and make a Family Planning appointment for a physical examination and counseling. Reduce your risks by being informed. Live long and be healthy.
