The Anson High School Cross Country season kicked off with excitement on Tuesday, August 27 at the Rocky River Pre-Conference Meet, hosted by Piedmont. This year's event marked a significant milestone for the Lady Cats, who, for the first time in over a decade, fielded a full team in the race. Their impressive effort earned them a commendable Fourth Place finish, highlighting a promising start to the season.

The Lady Cats were led by a dynamic group of runners: Ari Metcalf, Lorilei Woodall, Camille Miller, Diamond Morman and Aliyra Sturdivant. Each runner showcased their potential and set a strong foundation for the rest of the season. Their performances not only contributed to the team's overall placement but also indicated the team's readiness for upcoming challenges.

On the boys' side, the Bearcats are in the midst of developing their cross-country program. This year they have assembled a dedicated squad with 10 boys, marking a significant growth in participation. The development of this program is expected to bring more competitive edge and depth to the team, as they work towards making their mark in the upcoming meets.

Overall the Rocky River Pre-Conference Meet served as an encouraging start for the Bearcats. With a solid team showing and a growing roster, Anson High School's Cross Country Program is poised for an exciting and successful season ahead. Adding to the optimism is the arrival of Peter Ascutto as the team's new coach for the season. His wealth of knowledge and experience in the cross country arena is expected to be a significant asset, guiding the team with fresh strategies and a seasoned perspective.
