## Organic Certification Cost-Share Assistance

Organic growers in North Carolina can apply for partial reimbursement of the cost of becoming certified or for recertification through a program offered by the N.C. Department of Agriculture and Consumer Services. Growers who are certified or recertified between Oct. 1, 2021 and Sept. 30, 2022, can apply for assistance through the program.

"Applicants can be reimbursed up to 50 percent of the cost of organic certification per category," said Agriculture Commissioner Steve Troxler. "Funds are available on a first-come, first-served basis, and I would encourage growers and handlers to submit their applications early."

Under the grant, operations can be certified and reimbursed in four separate categories: crops, livestock, wild crop and handler/processor. The maximum reimbursement per category is \$500.

The program is for the 2021-22 season and is funded through a \$105,800 grant from the U.S. Department of Agriculture. Applications must be postmarked by Nov. 18.

To apply, growers must provide a completed application, along with detailed invoices/statements from the certifying agency listing all National Organic Program certified costs, proof of payment, a substitute W-9 form and a copy of your certificate or letter from your certifier if this is a new certification. All charges must be for USDA organic certification. The application can be downloaded at [www.ncdaorganic.org](http://www.ncdaorganic.org) or growers can also apply through their local Farm Service Agency office.

Application and required documents can be mailed, faxed or emailed to the NCDA&CS Organic Certification Cost Share Program, Attn. Heather Barnes. For questions, contact Barnes at 919-749-3337.

## Ansonia Soup Company Coming to Uptown Wadesboro

This is a release from AnsonEDP: A new restaurant, the Ansonia Soup Company, will soon be opening in uptown Wadesboro. The locally owned business will offer a variety of soups, salads and pasta dishes featuring locally and regionally sourced ingredients.

The venture is the brainchild of Chef Monica Ann, who has appeared twice on Food Network's "Chopped" cooking contest and was a private chef and caterer in Chicago for 12 years.

The restaurant will open in the old Velvet Creations space on South Greene Street, likely in October, pending renovations and inspections.

## New Size, Creel and Season Limits Adopted

The N.C. Wildlife Resources Commission adopted temporary inland fishing rules effective Sept. 1 that will provide new size, creel and season limits on 15 species when found in inland fishing waters. The species impacted are flounder, red drum, seatrout, Atlantic croaker, black drum, bluefish, cobia, king mackerel, mullet, sharks, sheepshead, Spanish mackerel, spot, tarpon and weakfish.

The new rules provide conservation and protection for these species when found in inland fishing waters, and prohibit the sale of most of the species listed if harvested from inland fishing waters. The new limits are consistent with North Carolina Marine Fisheries Commission regulations in coastal fishing waters.

To learn more about the rule changes, visit [ncwildlife.org/fishing](http://ncwildlife.org/fishing).
