Remembering.....
By Ed McBride

1941 Studebaker Champion

My first new car had a the valve cover, etc. I don't "birthday" recently - sixty-five remember who Henry sold it to, years ago (April 4, 1941). This but with only about four to six was just after World War II and cars miles per gallon - and even at gas were plentiful - the only thing was, prices of 20¢ per gallon - it was money to buy them was scarce! "pure luxury" to operate that car!!

I bought this Studebaker The above picture was from Henry Spears, a cousin who sometime later - in the summer of sold cars - both new and used. In 1945. Standing in front of the fact, it was about this time that he Studebaker was my wife Lucy, purchased the Governor Cameron holding our son Tommy, who was Morrison Rolls Royce for about then about one year old. Now we \$400 at the car sale. That Rolls are all "just a little older," have was some car! Under the hood "traveled many miles" and are many things were chrome, such as thankful to be here!!

Tractor Supply Paper Clover Promotion Supports 4-H

Starting today, Wednesday, October 8, Tractor Supply in Wadesboro is partnering with the National 4-H Council to offer a Fall Paper Clover Promotion to help support local 4-H programs in counties that have these stores. This promotion will run until October 19. The cost for a paper clover is \$1. Proceeds will come to the local 4-H program that will have cover cost for trips, summer day camps, conferences and volunteer trainings.

Anson County is truly grateful to have a Tractor Supply in the county because there are only 31 in the state of North Carolina. So if you have not already done so, please go down to the store and purchase one or ten clovers. Over \$1.4 million were raised last year through this national promotion.

This year Anson 4-H will sell paper clovers at the Taste of the Pee Dee Festival, October 11. They will be located at the Anson Cooperative Extension booth. One of the community 4-H clubs, Eager Beavers, will be at Tractor Supply on Saturday, October 18 to sell paper clovers also. Come out and see and help support this worthy cause. Remember, the proceeds are going to a great program that supports youth and adults in Anson County! Hope to see you there!

My little girl was two and I had just started school when I found the lump. At my age, breast cancer is the last thing you expect.

Jessie was not the typical breast cancer patient. When she arrived at Levine Cancer Institute, she learned no patient is "typical." Doctors took the time to know her and explained what to expect every step of the way. The world-class care is saving Jessie; the personalized support will help her get back to her life.
