## The Month of October

October glows on every cheek, October shines in every eye,

While up the hill and down the dale, Her crimson banners fly. —Elaine Goodale Eastman (1863-1953)

In the ancient Roman calendar, October was the name of the eighth month of the year. Its name comes from octo, the Latin word for "eight." When the Romans converted to a 12-month calendar, they tried to rename this month after various Roman emperors, but October's name stuck!

### October Calendar

- October 9 - Columbus Day (U.S.),
- October 28 - like September's Harvest Moon, the Hunter's Moon is closely tied to the autumnal equinox.
- October 31 is Halloween

October's birth flowers are the cosmos and the calendula or marigold. Cosmos is a symbol of joy in life and love and peace. The calendula represents winning grace, grief, or chagrin in the language of flowers.

October's birthstone is the opal, which symbolizes faithfulness and confidence.
