

## Young Professionals Anson Makes Generous Donation to Anson County Schools

Young Professionals Anson recently donated \$1,500 to Anson County Schools from funds donated during their spring raffle. YP Anson Chair Ashley Scarborough said, "This donation will specifically be allocated towards clothing for students in need. Last year we also donated \$1,500, and our membership felt that funds from this year's raffle should be donated to the same cause."

Anson County Schools Superintendent Michael Freeman met with members of YP Anson and received the check on Monday, September 30 during the Board of Education meeting. Freeman said, "My staff and I appreciate the support this donation will provide as we provide clothing to students in need. Students often need day to day school uniforms, at times they need clothing for life altering events such as a death in their family, and at times they need clothing to interview for special goals such as scholarships, internships and visiting colleges. Young Professionals Anson is allowing us to help children feel good about themselves by providing them clothes that fit properly. Students who do not have appropriate clothing experience unnecessary anxiety – this will not be the case for the lucky students who receive this type of support."

Scarborough said, "Many thanks to all who supported our spring raffle! Because of your contributions YP Anson was able to make an impact in our county."

The mission of Young Professionals Anson is to provide an environment for individuals between the ages of 21 to 39 to meet and develop both socially and professionally. Their vision is to be an organization that brings young professionals together through the hosting of networking and developmental opportunities that may be an avenue for attracting and retaining new young professionals to the Anson County area.
